

Grinch Ornament

Materials:

- Clear ball ornaments
- Green tissue paper
- Red felt
- Holiday ribbon
- Modge Podge
- Foam paint brush

How to make this ornament:

Each student will need an ornament.

Using modge podge, or a water/glue mixture, students will paint on pieces of

green tissue paper. (If you have more than one shade of green, the effect will look better.)

Once the tissue paper is dry, have students cut a heart out of red felt and glue to the center of the ornament.

Tie a ribbon on the top and wrap in tissue paper.

This Grinch's heart grew 3 sizes today!!
